## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Applicant's amendments are sufficient to overcome the prior art of record.

Accordingly, all rejections in view of the prior art have been withdrawn. However, some minor defects remain the claims. A telephone call was placed on 1/3/2007 to Tatiana Rossin (Reg. No. 56,833) in an effort to resolve these issues, but Ms. Rossin was unavailable.

### ***Terminal Disclaimer***

2. The terminal disclaimer filed on 10/22/2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent No. 7,172,539 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Claim Objections***

3. Claim 37 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 37 is identical to claim 6.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1, 3, 5-28 and 30-37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
6. Claim 1 recites the limitation "a plurality of the type-of-service parameters" in line 7. There is insufficient antecedent basis for this limitation in the claim. The Examiner recommends amending the limitation to recite "a plurality of type-of-service parameters".
7. All claims not individually rejected are rejected by virtue of their dependency from the above claims.

### ***Conclusion***

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

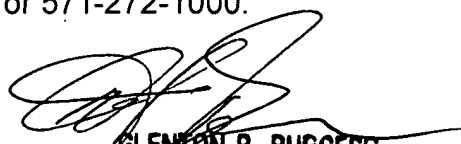

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
